

# Renew Florida's Nonprofits

The Florida Association of Nonprofits has applied to become a recipient of the Renew Florida's Nonprofits Initiative, a multiple million dollar project to make nonprofits green funded by the US Department of Energy, which would allow us to fund the refitting of nonprofit-owned buildings to increase energy efficiency.

## RENEW FLORIDA'S NONPROFITS

A comprehensive initiative designed to:

- Promote energy efficiency and sustainability in Florida's nonprofit sector and communities
- Foster partnership and commitment
- Reduce energy consumption, promote sustainable practices, and contribute to a greener future for our communities.

Qualified nonprofits will have grant opportunities up to \$200,000 by adopting efficient and clean technology.

Many, many thanks to all those who were instrumental in creating the application for the Florida Association of Nonprofits to become a recipient of the Renew Florida's Nonprofits Initiative. Those wonderful people include Lynne Balthazor, Florida Nonprofits, Glen Benjamin, LAN Infotech, Steve Buckley, Stranahan House, Dr. Barry Burack, Affiliated Health Care Centers, Shelby Decker, DBA, MBA, Christine Disbrow, All Write, All Write, All Write, LLC, Irene Dupont, FirstBank Florida, Dr. Maria Hidalgo, Vitas Health Care, Maxine Kamin, Touch Consulting, LLC, Richard Lawson, Architect (Ret.), Maria Machin, Bell South Union (Ret.), John Muir, Manufacturer (Ret.), Angela McConnell, Nonprofit Consultant, Greg Musser, Stranahan House, Jorie Rose, Attorney (Ret.), Naomi Wright, The Lady Speaks. We will know in October if we are awarded the grant.
