

Active Disabled Americans Captain Mike Nealy

Active Disabled Americans, a nonprofit organization operating out of Key Largo, Florida, is a small boat and cruise charter operation specializing in charters for people with disabilities (dba Tranquil Adventures). Captain Mick Nealey, who runs the operation, launched Tranquil Adventures, a charter tour, and cruise operation over 30 years ago. His dock is completely wheelchair accessible, as are both of his vessels. Both vessels have lifts to assist individuals with disabilities in and out of the water.

Captain Mick was a welcome addition at our networking events (pre-COVID) and has used Florida Nonprofits as a trusted source.

"Captain Mick" Michael Nealey, Active Disabled Americans, and Carolyn Earhardt
